

Arborcoustic[®]

by **CONWED**

The natural acoustic solution.

Arborcooustic® is made of FCS® certified wood, cement, and water, making it impact resistant, waterproof, and environmentally friendly. The natural wood fiber surface can be used as an aesthetic quality to add depth and texture to otherwise dull interiors and exteriors, as well as provide exceptional acoustics. Panels can also be painted with any Sherwin-Williams color for added design capabilities.

Great for: · Indoor Pools · Locker Rooms · Outdoor Areas · Gyms

 Noise reduction coefficient (NRC)	 FSC® certified wood	 Fire rating	 Product warranty
0.40 – 0.45	Environmentally-friendly, recycled materials.	Class 1/A (ASTM E84; tested at component level)	30 years (from date of shipment received)
