

TK/AC Direct-Attach Wall Panels

TK/AC Direct-Attach Wall Panels are an economical, lightweight tackable panel with moderate sound absorption and blocking capabilities. They are ideal for display areas, meeting rooms, schoolrooms or in any place that requires tackability and moderate sound absorption at a value.

Product features

Core construction:

Single core construction of high-density perforated mineral board, 1/2" or 5/8" thick, covered with custom fabric that is completely adhered to the face of the panel and returned to the back for a full finished edge. All corners are fully tailored.

Size availability	Edge details	Finishes	Mounting	Shapes
<ul style="list-style-type: none"> Thicknesses: 1/2", 5/8" (3/4" nominal) Standard max: 4'x10' 	Available choices include: <ul style="list-style-type: none"> Square 	A wide variety of fabrics are available from all major brands, including: <ul style="list-style-type: none"> Carnegie Maharam DesignTex Knoll Guilford of Maine 	Standard mountings: <ul style="list-style-type: none"> (MB) Impaling clips/perimeter adhesive Concealed splines Z-Clip plate to DW bracket 	—

Custom size is our standard.

Acoustic performance

The NRC of the products are determined from an average of sound absorption coefficients, obtained from tests conducted according to ASTM C423 procedures in an NVLAP accredited laboratory.

	HZ →	125	250	500	1000	2000	4000	NRC ↓
1/2" thickness		—	—	—	—	—	—	—
5/8" thickness		0.09	0.23	0.32	0.37	0.47	0.54	0.35

Additional properties

*Conwed products meet or exceed ASTM E84 standards for smoke development and flame spread on a component level.

	Fire rating*	Improved impact resistance	Scratch resistance	NAF available	Washable	Warranty
1/2" thickness	1/A (ASTM E84)	—	—	—	—	3 years
5/8" thickness	1/A (ASTM E84)	—	—	—	—	(from date of shipment received)

Initiatives

Sustainability

Conwed is committed to driving sustainability wherever possible. By streamlining our processes and using recycled materials in our products, we strive to decrease our environmental impact. Our materials are certified by leading social responsibility groups and are helping us pave the way toward a more sustainable future.

For your LEED® projects, our products can help you qualify for different points depending on the product you choose. Contact us to learn more detailed information.
