

All products made to order

Eurospan | Baffle

Create seamless baffles spanning hundreds of feet, add custom lighting for ambience, or just rely on it for superior acoustical performance. The Eurospan Baffle does what every acoustic baffle should, only better.

Items to specify

Acoustic performance

The NRC of the products are determined from an average of sound absorption coefficients, obtained from tests conducted according to ASTM C423 procedures in an NVLAP accredited laboratory.

HZ →	125	250	500	1000	2000	4000	Array NRC
2 7/8"	0.26	0.51	1.04	1.25	1.20	1.19	1.00

Assembly

- Up to 6 foot sections are made in our factory with acoustic core pre installed
- Individual sections are connected on-site then suspended
- Suspended full length baffle is finished with fabric, hiding all connection points
